

A Guide to Proportionate Giving - St. Paul Lutheran Church, Wyoming, MN

Instructions: Find your annual or weekly income in one of the first two columns. Then look across the row to determine your giving level in percent. A 1% increase per year is encouraged. Traditionally (*and biblically - Deut. 14:22-26 & Mal. 3:8-11*) an annual 10% tithe (*amount given*) is our goal.

Example: For a household earning \$52,000 per year and contributing about \$30 per week, the contribution is about 3 percent of income. This is a portion of what has been given by God to be managed and then is returned to do ministry. A 1% increase (from 3% to 4%) would be about an additional \$10 per week.
